FRENCH OAK BARREL &  
PUNCHEON

PRODUCTION: 1100 CASES  
ABV: 12.8%

GOODFELLOW

FAMILY CELLARS

WILLAMETTE VALLEY  
PINOT NOIR · OREGON

Goodfellow Family Cellars Willamette Valley Pinot Noir is comprised entirely of declassified barrels from our single-vineyard wines. Fruit is all sourced from sustainably farmed, non-irrigated vineyards, with old vines and exceptional character. The 2019 vintage in Oregon was a cool in relation to recent years, and is marked by juicy, elegant fruit, fine tannic structure and lingering acidity.

*Bright garnet. Zesty red fruits and spices on the nose, plus hints of blood orange and botanical herbs. Tangy and sharply focused, offering nervy red currant, bitter cherry, orange zest and licorice flavors that take a sweet turn on the back half. Closes long and smooth, with the spice and herb notes repeating. This is a distinctly savory, restrained Pinot, which is uncommon for an entry-level offering. 91 points. -Josh Reynolds, Vinous, February 2022*

As with all of our Pinot Noirs, fermentations are relatively cool and slow, with native yeast in small 1.5 ton bins. Whole cluster percentages range between 30 and 100%. Punchdowns are done twice a day (after a short early period of pigeage for high whole cluster lots), and free run wine goes directly into barrel where it sits on the lees undisturbed for the duration of elevage. Cooperage is a mixture of new and used larger format puncheons, and neutral barriques.

Goodfellow Family Cellars is a winemaker owned and operated winery in Oregon's beautiful Willamette Valley. Founded in 2002, and producing approximately 4000 cases annually, we focus on old vines planted in unique and beautiful sites, conscientious farming, and techniques of tradition in the cellar. We are members of the Deep Roots Coalition, a group of craft oriented wineries committed to sustainable farming and sourcing grapes solely from non-irrigated vines. We do this because it is the responsible choice, and because it produces the highest quality wine with the truest expression of place.
